Hosted by the GreenSpace Committee of the Bowmanville Community Organization

Saturday, March 6, 2010

1 pm – 3 pm

Tempel Steel Training Room

5448 North Wolcott

As part of the BCO's quest to secure permanent greenspace within our community, the BCO GreenSpace Committee will host a charrette on Saturday, March 6, 2010 from 1:00 PM to 3:00 PM in the Tempel Steel Training Room, 5448 North Wolcott.

This charrette is a **collaborative planning process** harnessing the talents and energies of our community to create a plan for park development. This brainstorming session will help identify the community's priorities, suggest potential uses for the open space on Bowmanville Avenue at Bell, and develop potential designs for this space at a conceptual level. The ideas generated at this meeting will help the BCO GreenSpace Committee develop a proposal that will be utilized to acquire support and funding for this project.

We are seeking input from all interested community members. Please join us in our efforts to maintain open space in Bowmanville by participating in this key meeting.

RSVP by March 1 by calling the BCO toll free number at 866-837-1006 or by sending an email to greenspace@bcochicago.org.
